Our Silks Are in a Class by Themselves in Style and Quality

And this we can truthfully say, because it is backed by the experience of years. Further, this will be a quality sale of silks—silks that you can depend upon—and silks that we will stand back of—and this is a real guarantee. Lowness of price is never our first consideration—quality comes first. We could sell you cheaper silks—and for less money—but the quality would not be there. After all quality is the first consideration. That the people appreciate protection in silk buying is readily shown by the steadily increasing business of this department. Among the silks included in this sale is another great purchase from an eastern silk jobber.

\$1.00 Silks at 59¢—1500 Yards

One table of 24 and 26 inch Fancy Silks—the cleanup from a prominent New York Silk jobber. The lot consists of fancy serge silks, striped messalines, striped satins, broaded satins, plain colored satins in street and evening shades and a large collection of other fancy silks.

\$1.25 Fancy Silks for 69¢ a Yard

There are 1400 yards in the assortment and we display 26 and 27-inch representations on one table. Silks of beautiful qualities and silks that we are proud of. We know they will suit you. There are self-colored satins, neat checks and sarah silks, striped and figured gros de londres, striped and figured serge silks and striped messalines.

\$1.50 Georgette Crepes at \$1.25

They are 40-inches wide, and the most wanted silks for sleeves, waists and blouses. This shipment just arrived Saturday—it should have been here August 1. For this reason we make this reduction. Colors are white, ivory, light blue, flesh, pink, Nile green, yellow, Alice blue, olive green and black.

Specimens of Dress Goods Bargains

No need to dwell at length on the merits of this department. It is too well known. Many more like the following await you.

Note These Umbrella Prices

We are showing in the neighborhood of 200 factory samples of men's and women's umbrellas. These samples are kept at the factory for display purposes and consequently are in perfect condition—because they are not given the hard use that salesmen's samples are.

The handles are works of art, and we believe no two are alike.

They are decorated in carved gold, silver, some are pearl trimmed, some enameled and others are enameled and finished with silver deposit.

They have 8-rib steel frames in 26 and 28 inch lengths and covers are of fast color water-proof materials. All have cases to match cover.
